Whitecliffe
University of Applied Sciences

WHITECLIFFE • BERLIN • 2026

**Study where
the world
comes to study.**

Creatively Brave. Future Ready

Built differently on purpose.

A small international university of applied sciences in the center of Berlin — taught entirely in English, accredited by the German State, connected to a global network across four countries.

State-recognized. International by design.

All Bachelor and Master programs are accredited by the German Accreditation Council. Your degree is recognized across the EU and globally.

One of a kind. Actually.

WUAS provides the only Interior Architecture / Interior Design program taught in English in Germany that is compatible with the requirements of the Chamber of Architects.* It is the only private university whose curriculum is eligible for future registration in the Chamber of Architects.

* Architektenkammer Berlin

Small cohorts. Real access.

Our class sizes mean faculty know who you are. Real critique. Real preparation for what comes next.

A network that travels.

Whitecliffe Global spans four countries — New Zealand, Australia, Germany, and (soon) Canada — with 27 European partner universities via Erasmus+.

Architecture, Design, Business.

All programs taught in English. State-recognized, internationally accredited.
